SUMMARY

Analytical professional equipped with technical expertise and strong critical thinking skills. Approaches challenges with a positive attitude and determination to succeed. Excels both independently and in collaboration with teams, consistently surpassing expectations.

EXPERIENCE

Web Development Internship

Myjobgrow, Virtual

July 2024 – November 2024

- Participated in developing and maintaining web applications using HTML, CSS, and JavaScript, contributing to ongoing project enhancements.
 - Participated in front-end development efforts by designing user interfaces using HTML, CSS, and JavaScript, with a focus on improving website features.
 - Assisted in developing and maintaining web applications using HTML, CSS, and JavaScript, applying knowledge of frameworks such as React and Angular to improve front-end performance.
 - Contributed to collaborative projects by coordinating with developers to address project goals and adhere to technical requirements using JavaScript and React.
 - Enhanced cross-browser compatibility by testing and refining web applications, ensuring consistent user experiences across multiple platforms.
-

PROJECT

AI Fitness Trainer

Self • [ai-fitness-trainer-zeta.vercel.app/](#) • March 2025 – April 2025

- Developed a web application using Next.js that leverages AI to provide personalized fitness recommendations and track user progress.
- Implemented features for exercise guidance, workout planning, and performance analysis.
- Engineered advanced data visualization dashboards that empowered users to monitor fitness goals, assess workout trends, and gain actionable insights for continuous improvement. Integrated machine learning algorithms to enhance recommendation accuracy, seamlessly connecting real-time activity monitoring with adaptive feedback for a tailored fitness experience.

E-commerce Website

Myjobgrow • [fullstack-e-commerce.netlify.app/](#) • September 2024 – October 2024

- Developed a complete e-commerce application by utilizing React, Node.js, Express, and MongoDB, enabling seamless product catalog browsing, secure authentication, shopping cart usage, and payment processing.
 - Revamped the E-commerce Website by optimizing site architecture, accelerating page load speeds, and integrating advanced search capabilities to elevate customer engagement and drive higher conversion rates.
 - Streamlined order fulfillment processes by automating inventory synchronization and incorporating real-time shipment tracking, resulting in greater operational accuracy and enhanced customer transparency. Streamlined order fulfillment processes by automating inventory synchronization and incorporating real-time shipment tracking, resulting in greater operational accuracy and enhanced customer transparency.
-

EDUCATION

B.Tech , Computer Science & Engineering

Assam Downtown University • Guwahati, Assam • 2022 – 2026

Senior Secondary (XII), CBSE Science

Kendriya Vidyalaya NIT Silchar • 2021

CERTIFICATIONS

Technology Job Simulation

Virtual · Jun 2025

Course On Computer Concepts (CCC)

NIELIT · Aug 2019
